How may I help you?

Alyce McConville, Attendance Teacher

As the Attendance Teacher for the Hospital Schools Program, I can help to:

- confirm that all students return to an educational program once discharged from the hospital
- act as a liaison with Home Instruction Schools if the student requires home instruction
- work collaboratively with NON DOE, private, parochial, and charter schools to ensure students return to school in a timely manner

I may be reached at (718) 794-7262 or by email at amconville@schools.nyc.gov
